

SMS REMINDERS

Wednesday, 23 June 2010 12:30 - Last Updated Wednesday, 23 April 2014 12:43

The Practice has integrated SMS functionality within the program.

SMS messages can be sent to patients with valid mobile phone numbers. Advice that such messages have been sent to patients can be viewed within The Practice.

Surgeries will be able to view those replies from within The Practice. Ask how you can save money by e-mailing your queries to enquiries@thepractice.co.uk.
